Barnes Butte Families,
 First, I want to say thanks to those that take good care in the parking lot each day. Just yesterday, I watched a parent make room for a car that was backing out of a parking space during departure. I walked up to her window and thanked her. It's that type of "shared driving" that makes all the difference. We have 650 students at Barnes Butte and that equates to a lot of cars. We have a great school, more parking lot space than most Central Oregon elementary schools and one of the best traffic direction plans. Nothing takes the place of working cooperatively with each other. So for that, I just want to say thanks. One other request goes out to anyone who parks on Whistle Way near the Combs Flat four-way right at the top of the hill. Please use just the north side of the street to park and pick up students. The streets are too narrow for traffic to be parked on both sides. That will create a safer environment for our students. Thank you for your commitment to join me in doing our best with this wonderful place.

My best to each of you,
 Jim Bates – Your Principal
