I Have A Dream

Martin Luther King, Jr. Day

Jump Rope For Heart is here!

We had our kickoff assembly last Tuesday. Since then students have been having fun learning jump roping skills and working towards 60 minutes of exercise per day. If you haven't already, please register for our school team at heart.org/jump or by searching **Jump/Hoops** in the app store on your mobile device. Our students are learning all about what they can do to keep their hearts healthy (ask them how), take their own health challenge and learn how they can help others by collecting donations for the American Heart Association. Although Prineville is a very generous community, fundraising is not the main purpose of this event. More important is that students are learning healthy heart habits for life. Remember, just by registering and committing to a heart healthy habit students earn a wristband. Jump Rope for Heart will culminate with an action-packed event during PE class from January 23rd through 26th.

NEWS FROM NURSE WENDY

Please update your student's immunization record in the office. All shots must be complete/up to date before February 21, 2018.

Why are shots required?

Shots provide protection against contracting serious diseases to the person who receives them. Shots also help protect our friends, neighbors and communities by reducing the number of people vulnerable to these diseases. When enough people are vaccinated, these diseases tend to stop circulating. Outbreaks of disease occur more frequently in schools and programs that serve young children. Vaccine requirements help protect children from disease.
