NO SCHOOL MONDAY, MAY 28 MEMORIAL DAY

Thank you to all our military families.

Music Experiments!

It was "Science of Sound" week at Barnes Butte Elementary. In Mr. White's music class, these students were making a 'music sandwich.' The music sandwich is a reed instrument that uses a rubber band as the reed. Add two popsicle sticks, two short pieces of a drinking straw, two more rubber bands, and voila! Such a simple and fun demonstration that adds vibration and sound!

Fourth Graders Focus on Assessments

As the weather turns warmer and the school year comes to an end, students continue to stay focused on end of the year assessments. Barnes Butte kids have learned a lot during the year and look forward to showing off their knowledge on district assessments and Smarter Balanced testing. Featured in this photo are fourth grade students working on the district short cycle math assessment.
