Mrs. Smith Finally Passes 1st Grade!

After 27 years in the classroom, most of them in 1st grade, I am trying something new. I am now Barnes Butte Academic Coach. It is exciting and terrifying to try something new, but I am ready for the challenge. As Academic Coach, I have the opportunity to work with teachers and students facilitating teacher growth, and professional exploration in ways that lead to higher student achievement.

If a new job was not enough, I have a high school senior, Hogan. Almost 18 years ago, I left in the middle of school day to have a baby. I had promised my students I would teach to the last minute and I did. I also have a high school sophomore, Palmer who will

be driving soon. When Hogan and Palmer are not at school, they are busy playing football, basketball, and golf. I have become very good at doing homework in the car or on a bleacher!

Tips from Nurse Wendy
