Ms. Hillis' Class Wagons

Ms. Hillis' class made some wagons for the Oregon Trail. Some made their wagons small and some made their wagons big.

All fourth grade is studying the Oregon Trail to learn how they lived and how they traveled. We had to learn how much food they had and needed to survive the Oregon Trail.

This is what our class wagons are made off, popsicle sticks, shoe boxes and ply wood as well as cardboard. This is what our class wagons wheels were made of, lids of anything, branches, plywood, cardboard, shoe boxes and popsicle sticks. The wagon covers were made of, cloths, pillowcases, shirts, and even a mask! Some had accessories and some did not.

## Black History Month Celebrated

**History Lesson-** Mr. Ringhand will be teaching lessons this week during counseling specialist time that focus on lesser-known black history facts. Historical events that have been less publicized and written about but are important for students to know.

**Library Lesson-** Mrs. Binam will be reading books from our new multi-cultural collection. These are all texts that that have been written by various African American authors. The books are beautifully displayed in our library windows.

**We extend a huge thank you to Facebook for this gift and Kris Jones for collaborating to make it happen!**
