## Thank You, Classified Staff!

The first week of March is a dedicated time to honor our classified school employees. They are involved in every aspect of the school including maintaining our school building and grounds, keeping our facilities clean, providing secretarial assistance, preparing meals, providing safe transportation, assisting in the classroom, and providing many other specialized services. These dedicated individuals deserve our recognition and thanks for the awesome job they do here at Barnes Butte. Join us this week as we honor these individuals!

### Career/College Day

Shayla Miller, Ms. Andres, 5<sup>th</sup> grade, plans on going into Army to service our country. She was in full gear for Career day!

## NEWS FROM THE GYM

The gym has been a busy place this past week with the annual BBE obstacle course. Last year many students missed out on the annual event, but we are making up for it this year! Students ran, jumped, crawled, rolled, climbed, scooted and stepped their way across hurdles, stepping stones, tunnels, giant mats, stairs and scooter boards to complete the course. Every student sure earned their sweat this week! Thanks for participating and having so much fun in PE. Check out Mrs. Bartolotti's students having a blast!

Mr. Yuma

**Students are doing a great job of wearing their mask. Please be sure to wash or replace their mask often. Thank you!**

### Mark Your Calendar

|              |  |
